- free pick-ups & drop-offs.

Peri Peri is #1 dive school in Tofo & Mozambeat Motel is #1 accommodation in Tofo  
([www.TripAdvisor.com](http://www.TripAdvisor.com))

### The packages:

*There are four different package types depending on your budget and based solely on a single and couple traveller system. You can find all the packages & pricing on page 6.*

#### 1. Dorm:

Based on the solo traveller or friends travelling together staying in the shared dorm.  
The price stated is a per person price.

#### 2. Private Room 1 PAX Diving:

Based on the solo traveller looking for more comfort in your own private room.

#### 3. Private Room (sharing) 2 PAX Diving:

Based on a diving couple or diving friends sharing a private room (cabin or suite of your choice) with all the amenities stated below. For the diving couple we offer a spacious double bed and for the travelling friends a twin room 😊. The price stated is per person.

#### 4. Private Room 2 Pax: 1 Diver & 1 NON-Diver:

Based on a couple or travelling friends with 1 of the 2 guests diving. The price stated is accommodation for 2 people with 1 of them as a diver.

**DORM:** Mozambeats funky dorm cabin "Kool & The Gang" is a shared mixed dorm with 5 bunkbeds. It has lockers, ceiling fans, extra length mattresses, mosquito netting and an ensuite bathroom. It's a bit 'more luxurious' compared to other backpackers here in town.

**PRIVATE ROOM:** All private rooms have an extra length comfy mattress (2mtr), ceiling fan, safe, mosquito netting and a private bathroom with toiletries. All private ensuite cabins are equipped with air conditioning, a terrace with hammock and an outdoor bathroom. The cabins are closer to the pool and bar area than the suites; these are in the back of the property and are simply designed. The choice is yours if you go for a cabin or suite.

*For more info & photos from the rooms: [www.mozambeatmotel.com](http://www.mozambeatmotel.com)*

## The STAYING package description:

Brought to you by dedicated world travelers, **Mozambeat Motel** has all the facilities to ensure that you enjoy a relaxing stay with us at our tropical oasis.

With a range of clean and spacious accommodation, a refreshing pool and a **soundtrack** to make life feel just that bit sweeter, Mozambeat Motel is the perfect place to **relax**, meet people and discover the beauty of South Eastern Africa.

With our enormous 2nd floor deck, our guests can enjoy unique views of the incredible Tofo **sunset** over the beautiful canopy of palm, **coconut** and cashew trees.

We have an awesome fully catered restaurant that dishes up the best burgers in Tofo, great seafood and a range of local and Western specialties. We've got weekly specials such as **tuna carpaccio**, fish burgers and quinoa salads -to get your extra vitamins!

We open the kitchen every day @ 7AM. Early breakfasts are available for the early divers.

Next to our **delicious** food, we have a well stocked and lively **bar**, mostly on Fridays.

Set a short walk from the **beach**, Mozambeat Motel is a friendly and well-organised business, sprinkled with luxurious furniture, a collection of fresh foliage and your daily soundtrack to provide a **cool**, cosy and funky setting. Mozambeat Motel also hosts weekly pokernights on Tuesdays and movienights in our **moonlight cinema** on Wednesdays, featuring classics and the latest blockbusters.

We have a secured free parking, pool with poolbar, **free wifi**, laundry service and we provide **airport** pick-ups from Inhambane airport.

## The DIVING package description:

### Packages Number 1 – 6:

These packages are aimed at the **Advanced Diver** and above, who generally feels **confident** in their diving experience, that can either fall straight into deep diving or requires a shallow dive before embarking on the **deeper reefs**. All equipment is included in the price and if bringing your own please take \$6 off per dive.

### Package 7:

If the diver has had a period of **inactivity from diving**, usually longer than 6 months, we recommend this package. Firstly, we **refresh** your scuba skills in our brand new 4.5 mtr deep, fresh water pool and then take you for your shallow (16mtr) sea scuba dive. Once the **Scuba Review & Dive** has been completed you are ready for the 2 extra deep dives. This package is geared more at advanced divers going to deeper reefs or open water divers wanting to stay shallow.

### Package 8:

If the diver has had a period of **inactivity from diving**, usually longer than 6 months, we recommend this package. Firstly, we **refresh** your scuba skills in our brand new 4.5 mtr deep, fresh water pool and then take you for your shallow (16mtr) sea scuba dive. Once the **Scuba Review & Dive** has been completed you are ready for the Deep Adventure Dive. This Package is for Open Water Divers only who are wanting to **expand** their diving knowledge, but don't want to complete the full Advanced Course. The **Deep Adventure Dive** is and counts for one of the 5 sections needed to complete your advanced. Once completed you are given a certificate qualifying you to a depth of 30mtr allowing for your extra dive to be a deep dive 😊 . Upon completion you are now **qualified as a deep water diver!**

### Package 9:

Aimed at divers that are **Open Water Certified** and have dived within 6 months and regard themselves as relatively comfortable. You are given a shallow dive as a check dive initially followed by the **Deep Adventure Dive**. This counts for one of the 5 sections needed to complete your advanced and once completed qualifies you to a depth of 30mtr allowing for your extra dive to be a deep dive 😊 . Upon completion you are now **qualified as a deep water diver!**

### Packages 10 – 16:

These packages are course based packages for all levels. Please see the next page for the exact description for each course 😊

## COURSE BASED PACKAGES DESCRIPTION:

### Scuba Review & Dive:

This is aimed at all qualified divers who have had a period of **inactivity** underwater, usually longer than 6 months. We firstly refresh your scuba skills in our brand new fresh water pool and then take you for your sea scuba dive.

### Discover Scuba Diving:

Is a great **first step** into the diving and underwater realm. It offers divers and those of you unsure about diving a great glimpse into what diving is really like. We start with a pool session and finish with a controlled dive to our house reef 'Clownfish'. Don't despair as this introduction to scuba does count towards the completion of your PADI Open water certification. Price includes a discover scuba certification and a PADI card.

### Scuba Diver:

Is **half of the Open Water certificate** and once completed qualifies you to dive to a maximum of 12mtr with a qualified instructor. The course consists of 3 video and knowledge development sessions, 3 pool sessions and 2 sea dives to our house reef 'Clownfish'. Price includes a manual and internet certification with PADI (*you will receive a card*).

### Open Water Certificate:

This is the **first real step** on a ladder of many steps within diving, and once completed qualifies you to dive to a depth of 18mtr. All course material, registration and equipment is provided. It usually takes around **4 days** to complete and includes 5 video and knowledge review sessions, 5 pool sessions and 4 sea dives (2 at our house reef 'Clownfish' and 2 others at dive sites we take already qualified divers to) so great opportunities to see and swim with manta rays and whale sharks. There is however a 200mtr swim and a final exam to be completed.

### Advanced Open Water:

The Advanced level is great as it can open up so many differing dive destinations worldwide and once completed gives you a **qualifying depth of 40mtr**. To get the most out of this course, you need to allow yourself approx 3 - 4 days, that way; you will see exactly what an amazing diving destination Tofo is. There are **5 individual dives** in all and with PADI there are over 15 selected dives to choose from. Two dives are mandatory and they are: 'Navigation' and 'Deep diving'. The remaining three is your choice (video, photography, drift diving, night, boat, Fish ID etc). All course material, equipment and online registration with PADI is included in the price.

### Rescue Diver Certificate:

By now you are a keen, avid diver and the diving world starts becoming a little more **addictive**. This course is split over 4 to 5 days and deals with the more serious and in depth matters of **life support**. Once completed it starts to change you perspective on diving from one that focuses solely on oneself and moves your attention onto other people in the water. It is the first real

step towards becoming a PADI Professional. It is by far one of the most fun and rewarding courses to complete as the interaction in some rescue scenarios can make the worst foes the best of friends 😊

NB: To become certified as a rescue diver you need a current and in date **First Aid qualification** within the last two years, a first aid course can be completed here at the dive centre for additional cost and again all course material, registration & equipment is included in the price.

### **Nitrox Combo:**

Once the open water/advanced course is completed, you as a diver will now know and understand the risks of nitrogen whilst diving. The **enriched air diver course** (nitrox) reduces the nitrogen intake, which gives divers **extended bottom time** to look for a specific sea creature or trying to line up that perfect photo as well as extra energy upon surfacing and should be a must for all avid divers who choose to dive frequently.

### **Freediver Course:**

Freediving is about inward **power, discipline and control**. If you've always wanted to enter the underwater world quietly, on your own terms, staying as long as your **breath** allows, then freediving is for you. Taking the PADI Free Diver course is your first step toward discovering why freediving is becoming a popular way to explore beneath the waves.

### **Ocean Safari's or Open ocean swimming trips :**

Viewing **Tofo's Big 5**, namely the giant and curious Whale sharks, Manta Rays, Devil Rays, Turtles, Dolphins and Humpback Whales (in season) are launched daily.

Every safari has a resident postgraduate student on board giving you all the information you ever need and wanted to know about these inspiring creatures. The trip lasts for 2 hrs and requires no special training and is geared more at our **non-diving enthusiasts** wanting a relaxed view of tofos fantastic **marine life**. *Snorkels, fins etc. are provided.*

If you are one of the unfortunate ocean safari goers that do not see any marine life, we do offer a second chance for free\* to find some big fish.

**Rest assured that when scuba diving, going out on an ocean safari or freediving, the Peri-Peri Divers team will strive to give every person the best experience possible, our highly skilled team have years of experience of which you can trust, all you have to do is check out the reviews which speak for themselves 😊**

\* There are some conditions; the trip cannot be transferred to another person and is only available if there is an open spot on the boat (new ocean safari goers get priority)
